

FREE VIRTUAL NARCAN® TRAININGS

2nd and 4th Fridays each month

12:00pm to 1:30pm Via Zoom

Free Kits will be provided.

What is Narcan®?

Narcan® is a drug that reverses the effects of a heroin or opioid overdose.

Why does this matter?

New York continues to battle an opioid epidemic that has taken many of our loved ones. Narcan® has already saved hundreds of lives.

How can you help?

Be informed and be trained! This training is offered to anyone 18 years of age and older. You will be trained to react to an overdose and administer Narcan®, which can save someone's life. With basic training, non-medical professionals such as friends, family members, or even concerned bystanders can administer Narcan® & save a life.

Register today!
All are welcome!

**To register for a virtual training or have
a Peer Professional train you and your
staff at your site, contact:**
